The standard international practice is to let rooms from midday to midday. However times do vary. Check-in times are usually between 2pm and 3pm, check-out times between 11am and 12-noon on the day of departure.

Therefore, if you were to check in immediately after a night flight this would normally count as one night's accommodation. Similarly, if your return flight is at night you will normally be required to vacate your room at 12-noon prior to leaving for the airport. Day rooms are subject to availability/cost and should be arranged locally with the accommodation management.
